Statement on Ri Byelaws and Committee Terms of Reference

The Ri actively supports inclusivity and diversity through its work, and we understand that gender stereotypes can be enforced through language.

For this reason, Ri Members are being asked to approve updating the Ri Byelaws, as well as the Audit, Finance and Nominations Committees Terms of Reference so that they are gender neutral.

Changes to the Ri Byelaws and Committee Terms of Reference must be approved by Members at the yearly AGM, the next being in April 2019.
