

Our vision

Science is for everyone.

Our belief

The Ri believes there should be **equitable access to science**, and that people's desire to engage with science and scientists should be nourished.

Our mission

The Ri is a charity that brings the public and scientists together to share their interest and **passion for science**. We **empower people** to explore and get involved. We are a home for science and **everyone is welcome**.

Our aims

Create a space for scientists and the public to **explore science together**

Drive deeper engagement with science and the Ri

Enable more people to **engage with science** through the Ri

Enable **science to be shared** in engaging ways

Inspire students to have a future with science

Build on the Ri's heritage: of scientific discovery, demonstrations and **pioneering public engagement**

Shape a **thriving and sustainable Ri**
